

## NEWARKERS GET COVETED RIBBONS AT HORSE SHOW

Racing, Vaudeville and Wrestling  
Alternate in State Event  
at Olympic Park.

A horse show of a dozen well-filled classes and a vaudeville and wrestling show drew the largest crowd in the history of the annual exhibition to the New Jersey State Fair at Olympic Park yesterday. Of particular interest was the horse judging, for there were shown in the various classes, horses of note from all over the State. The competition was keen, and, although it was a critical throng of horsemen that crowded about the arena, the awards of the judges, Thomas P. Ryan, Dr. H. Vander Roest and William Wall Weaver, met with general approbation.

**Big Crowd There.**  
The grandstand was filled to capacity, and there was not a moment through the afternoon when there was nothing to occupy their attention. Alternating with the racing and horse-judging there were vaudeville acts and a wrestling match in which Plakoff, the Finnish champion, failed in his attempt to throw Olsen two times in a period of fifteen minutes. The Swede went down once, worn out by the toe hold.

Awards in the judging were well distributed among the exhibitors. Among those winning more than one ribbon were: Miles W. Baney & Brother, Newark; Mrs. E. J. Hall and daughter, East Orange; T. J. Maxfield, Bloomfield; Lavonia Farm, South Orange; Brook Farm, Tuxedo.

**The Various Classes.**  
Midget Pony Class (under 12.2 hands; driven by children)—Won by Black Beauty, driven by the Misses Ruth and Helen Hall, Mize, driven by Milton L. Pearson, second; Prince, driven by Donald Baney, third.

Pony Class (not over 14 hands; shown under saddle)—First, Gypsy, Theodore T. Maxfield, Bloomfield; second, Wisdom, owned by Hiding Schuler, Roselle; third, Prince, Donald Baney, Newark.

Quarter Horse Class (shown to road wagon)—First, Minnie, Theodore T. Maxfield, Bloomfield; second, Maxfield Patchen, Theodore T. Maxfield, Bloomfield; third, Gregory Lake, W. C. Murphy, Jersey City; fourth, Sun C. F. J. Hall, East Orange.

Carriage Horse Class (5 hands and over)—First, Betsy, Brook Farm, Tuxedo, N. Y.; second, Roundley, Brook Farm, Tuxedo, N. Y.; third, Princess, Miles W. Baney, Newark; fourth, Chocolate Drop, Lavonia Farm, South Orange.

Saddle Horse Class—First, Queen Quality, Benjamin Decker, South Orange; second, Rosalie, Harry C. Cart, Montclair; third, Golden Rod, E. A. Starks, Montclair; fourth, Peggy, Miles W. Baney, Newark.

Pony Class (between 12.2 and 14 hands; driven by children)—First, Buster, Mr. C. F. Lawton, South Orange; second, King Ruby, E. A. Starks, Montclair; third, Gypsy, Theodore T. Maxfield, Bloomfield; fourth, Fanny, Franklin Kelly, East Orange.

Carriage Pair Class—First, Ramapo and Rex, Brook Farm, Tuxedo, N. Y.; second, Cedar Wood and Earl King, Miles W. Baney, Newark; third, Concord and Fleur-de-lis, Mrs. F. J. Hall, East Orange; fourth, Gladys and Grace, Lavonia Farm, South Orange.

Quarter Class (trotters; shown to road wagon)—First, Clyde B. A. H. Humphreys, Montclair; second, Queen Vera, E. C. Pelt, East Orange; third, Barnyard King, C. P. Lawrence, Southview Branch, N. Y.; fourth, George W. George W. Morgan, New York.

Tandem Class (shown before a run-around)—First, Little Prince, Tonzo Savage, Newark; second, Tonzo, Brook Farm, Tuxedo, N. Y.; third, Grand Duke, Tonzo Savage, Newark; fourth, Derby, Lou Arthur, C. H. Hensler, Newark.

Tandem Class (shown to trot and tandem)—First, Chocolate Drop and Maple Walnut, Lavonia Farm, South Orange; second, Gladys and Grace, Lavonia Farm, South Orange.

**In the World's Record Class.**

The members of the association put themselves in the world's record class, at sundown only two harness horse races were finished, but by the consent of the drivers in the unfinished event—the 2-13 pace—they were paid off as they stood at the conclusion of the fifth heat.

The brown gelding, range Lad, in the stable of Anos Rathbun, found the 2:30 trot easy picking and annexed the event in straight heats without beating 2:23.4. The real contest in this event was between Florida and Laura Worthing. The latter is a handsome, good-gaited daughter of Axworthy and "looks like the making of a good race mare."

NET TIGHTENS ON  
DYNAMITERS OF  
TIMES BUILDING

Several Arrests Already Made  
and Authorities Have Many  
Under Their Observation.

SAN FRANCISCO, Oct. 5.—The net thrown out by the authorities is closing in rapidly on the dynamiters of the Los Angeles Times.

"It is certain that the dynamite, which we know was secured at Giant, was taken to Los Angeles, and that it was the same dynamite used in the destruction of the Times building and in the bombs found at the Zeeland and Otis residences."

This statement was made by Attorney Earl Rogers, of Los Angeles, who is in charge of the man-hunt.

"We have ordered arrests," said Mr. Rogers, "and we have men now in jail at several points, both between here and Los Angeles and east of San Francisco."

He refused to divulge the names of the prisoners or the places where they are held.

It is estimated that only 200 pounds of the total amount has been accounted for.

Since the Times disaster the possibility of declaring off the two strikes of the metal trades and brewery workers has been agitated and one of the local newspapers, which has been friendly to the union cause, has advocated such action.

But the delegates to the State convention evidently are not affected by this movement, as the following motion, offered by Andrew J. Gallagher, of San Francisco, was adopted:

"The convention declares its sense that the strike be not declared off, but that it continue until real industrial freedom—freedom for working men and women to have of their labor—determined in Los Angeles, and we guarantee to the strikers every ounce of moral and financial support that they may need."

The convention will elect officers today.

**COLUMBIA OUSTS PROF. PECK, WHOM GIRL SUEDE.**

NEW YORK, Oct. 5.—Harry Thurston Peck, who has been a professor at Columbia University for twenty-two years, was notified today that he had been dismissed from his position as professor of the Latin language and literature and that the chair bearing that name had been abolished at a meeting of the trustees of the university held on Monday afternoon.

Mr. Peck replied to the trustees that he regarded their action as illegal and insisted that they respect his contractual relations with the university. He intends to fight the action of the trustees through the courts.

Some letters alleged to have been written by Mr. Peck to Miss Esther Quinn, who sued him for \$50,000 damages for alleged breach of promise, were made public on June 3, and at midnight of June 3 President Butler wrote to his Latin teacher that the committee on education of the trustees had directed him to ask Professor Peck to resign. This he promptly refused to do.

## Special Solitaires Tomorrow

Study carefully this list as we have no duplicates and many of the diamonds we offer here can never be duplicated at the price; we are actual diamond cutters, our factory is in Brooklyn. We buy diamonds in their rough state from the London Syndicate, and when finished many of them are slightly imperfect, requiring a strong magnifier to tell the difference. These we sell very cheap. That accounts in many instances for the large weights for a little money. Heretofore we have sold such stones to dealers. We now offer them to the public with the understanding that if any one of them can be duplicated for less than double the price the money will be refunded. Our refund agreement goes with every one. No mail orders filled.

## HOKE SMITH'S FATE NOW WITH GEORGIA VOTERS

Ex-Governor and Man Who Supplanted Him Again Opposed at Polls.

ATLANTA, Ga., Oct. 5.—Georgia is today electing State and county officials from the governor down.

For the first time in several years there is a prospect of a contest, due to an effort to bolt the Democratic primary against the head of the ticket Hoke Smith, gubernatorial candidate.

The "bolt" however, extends to no other candidate.

Said to be led by Thomas E. Watson, the bolters have distributed ballots over the State bearing the name of Joseph M. Brown "For Governor," instead of Hoke Smith. They urge voters to cast ballots for Governor Brown, despite the fact that he has refused to take any part in the bolt. Smith supporters disclaim any possibility of defeat.

C. O. Brown, of Atlanta, heads a Socialist ticket.

## BANKS CALLING OF LOANS GOOD THING FOR MARKET.

NEW YORK, Oct. 5.—That the calling of loans by the banks yesterday was mainly responsible for the check administered to the upward movement in stocks is generally conceded by active market interests, and in conservative quarters this action is believed to have been a good thing for the market.

In the opinion of well-informed bankers there is nothing in particular to fear from the money market during the rest of the year unless bullish activities develop on too large a scale.

## SALOON-KEEPER A BRIDE.

GLOUCESTER CITY, Oct. 5.—Miss Jane Scarlett, of this city, and Albert P. Horst, of Woodbury, were married at the rectory of St. Mary's Catholic Church by the Rev. Charles J. Gleason, rector. The bride for the past two years has conducted a saloon at the corner of King and Mercer streets.

Both are past the two-score mark and it was their first venture in matrimony.

## THREE PROBABLE JOURNALISTS.

NEW YORK, Oct. 5.—Triplets were born of Mrs. James McLaughlin, wife of a newspaper man, living at 659 West 161st street. The new arrivals are boys and when they have been baptized at St. Rose of Lima's Church will rejoice in the names of Joseph, Paul and Eugene. Each boy weighs seven pounds.

## PRINCETON ATHLETIC FIELD GATES GIFT OF ALUMNUS.

PRINCETON, Oct. 5.—Announcement was made here by A. C. Imbrie, financial secretary of the trustees, that Ferris Thompson, '88, had provided the money for the new gates to be erected at the entrance of Princeton's athletic field. The contract for a design of the gateway had already been let to McKim, Mead & White, of New York.

Work was begun yesterday on the construction of the foundation at the steps of Nassau Hall for the two bronze tigers, that are the gift of the class of '79. The lions, which have for many years stood at the entrance of Princeton's historic old hall, have been removed to the entrance of '79 hall, facing in Prospect street.

Philostratus A. Proctor, of New York city, is the sculptor of the new tigers.

PHILLIPSBURG WATER IS MOST EXPENSIVE.

PHILLIPSBURG, Oct. 5.—In the Warren County Circuit Court Mrs. Mattie Stout, of this place, won a verdict against the Edison Portland Cement Company for \$2,023.22, after the case had been before the court for five days.

Mrs. Stout is the owner of a mill along a small creek running through Franklin and Greenwich townships. The company diverted some of the water from the stream for use at its cement plant, and Mrs. Stout instituted proceedings to recover damages for loss of waterpower at her mill.

## Safe and Efficient

Convincing Testimony From a Prominent Physician and Surgeon as Dr. Bernard Lazarus Cannot Be Combated.

Dr. Bernard Lazarus, in an interview at his home, 20 West 65th st., New York city, said: "In combating diseases it is of vital importance to maintain a certain degree of systematic stimulation, most essential heart stimulation, and while strychnine is usually resorted to it cannot always be indicated, especially so in children, and alcoholic beverages are very often resorted to; while very proper, nevertheless, caution must be used in prescribing such, due to the impurities contained, such as fusel oil, acetic acid, etc. However, I can impartially state that as a medicinal stimulant and tonic Duffy's Pure Malt Whiskey stands preeminently efficient, due to the almost entire absence of fusel oil, acetic acid and other detrimental ingredients contained in most alcoholic beverages."

"I have used Duffy's Pure Malt Whiskey in a varied number of illnesses, particularly in bronchial catarrh, grip, debility, pneumonia and in all typhoid conditions, both young and old, with splendid and gratifying results; in fact wherever the conditions of my invalids call for both a heart tonic and stimulant I do not hesitate to prescribe same, fully aware of its reliability and that it is generally deemed by the medical fraternity that have had occasion to prescribe it as a valuable medical agent where TONICITY and STIMULATION are required."

Dr. Lazarus was formerly Assistant Surgeon in Bellevue Hospital and also formerly Medical Officer at Hart's Island, Dep't Correction.

## Duffy's Pure Malt Whiskey

Doctors of all schools in all parts of the country have prescribed Duffy's Pure Malt Whiskey for many years. They agree that it is the best tonic-stimulant to build up the system that is weakened and run down. It is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, producing a liquid food, tonic and stimulant requiring no digestion, in the form of medicinal whiskey. It makes the old feel young and keeps the young strong and vigorous. Used in hospitals and recognized as a family medicine everywhere. You should have it in your home. It will do you good.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's an absolutely pure medicinal malt whiskey and is sold in SEALED BOTTLES ONLY—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctors' advice and an illustrated medical booklet containing testimonials from physicians and patients and common sense rules on health, both sent free.

## DECLARES HUDSON RIVER BRIDGE CAN NEVER BE BUILT

Eminent Geologist Says There Is No Bedrock to Support Necessary Piers.

NEW YORK, Oct. 5.—The long-time dream of New Yorkers of a great bridge to span the Hudson river and connect the metropolis directly with the New Jersey shore, can never be anything more than a dream, according to Dr. George F. Kunz, a geologist of national reputation, and president of the American Historical Preservation Society.

Recent exhaustive tests by engineers have shown, says Dr. Kunz, that nowhere along the river is a bedrock foundation to be found which will support the necessary piers.

Dr. Kunz believes, however, that New York should not feel sorry. He thinks that ten tunnels could be put under the river for the cost of one bridge.

## BROTHER AND SISTER MEET AFTER 33 YEARS.

HOBOKEN, Oct. 5.—After a search covering thirty-three years, Mrs. Frederick Spencer, of 143 Jefferson street, Union Hill, had the pleasure this week of embracing her brother, Max Henry Miller, lighthouse inspector in the United States government service at Honolulu, who one time lived in Hoboken.

Mr. Miller has had a varied and exciting career, serving with honor against the Indians, in the Spanish-American war and in the Philippine insurrection.

In the hope that he is alive, Miller will go to Australia to find a brother, Wilhelm Miller, who has been lost to them for the past fifteen years.
